Letter No.: 00-28

**NEW ALIEN INDICATOR CODE "T"**

Ref.: Medi-Cal Eligibility Data System Change Cycle Letters 212I and 213P, and All County Welfare Directors Letters (ACWDLs) Nos. 97-42, 97-51, and 98-55

The purpose of this ACWDL is to provide counties with instructions for using the new refugee/alien indicator Code "T". This new code was described in the Medi-Cal Eligibility Data System (MEDS) Change Cycle Letters 212I and 213P. The new alien indicator Code "T" is for aliens receiving full-scope Medi-Cal benefits under the last Permanently Residing in the United States Under Color of Law (PRUCOL) category. For example, undocumented Medi-Cal applicants can claim this status by checking the last box in response to question five on the MC 13 Statement of Citizenship, Alienage, and Immigration Status. Specifically, this PRUCOL category is for "an alien not in one of the above categories, who can show that: (1) Immigration and Naturalization Service (INS) knows he/she is in the United States; and (2) INS does not intend to deport him/her, either because of the person's status category or individual circumstances."

The new code is necessary because this PRUCOL category includes full-scope eligible undocumented aliens. The purpose of the new Code "T" is to ensure that no aliens with a "U" alien indicator code are receiving full-scope Medi-Cal. At a future date, the Department of Health Services will add MEDS changes to prevent counties from using the "U" alien indicator code for full-scope eligible undocumented aliens. Therefore, in accordance with previous refugee/alien tracking instructions, counties must immediately update any case records which erroneously show a "U" alien indicator code for a full-scope eligible alien.

Previous alien tracking instructions (ACWDLs Nos. 97-42, 97-51, and 98-55) required counties to use the "S" alien indicator code for "Other Aliens" who were not temporary visa holders, including persons receiving full-scope Medi-Cal under the last PRUCOL category. Counties must review all cases with an "S" alien indicator code and update the code to a "T" if the beneficiary is a full-scope eligible undocumented PRUCOL alien. Undocumented aliens eligible for state-only funded long-term care because they were denied PRUCOL by the INS should be coded with a "U".

Counties are requested to complete this process within 12 months of the date of this letter. Therefore, it is recommended that counties complete the review of cases with an "S" in the refugee/alien indicator field as part of the annual redetermination process.

A revised Qualified/Not Qualified/Refugee Alien Tracking Table is enclosed. The table has been updated with the following changes:

- The separate alien classification for Amerasian lawful permanent residents and references to the Alien Eligibility Code "8" (most of which were removed using strike-out text in ACWDL No. 98-55) are eliminated.
- The Alien Classification description for aliens coded with an "S" has been revised to clarify that this code includes "other documented full scope aliens".
- The reference to aliens "in United States w/ permission of INS" has been removed from the footnote listing the categories of persons coded with an "S" in the refugee/alien indicator field.
- A new refugee/alien indicator of "T" has been added for undocumented PRUCOL aliens eligible for full-scope Medi-Cal.
- The Alien Classification descriptions for restricted scope eligible aliens (Refugee/Alien Indicator "V" or "U") have been expanded to specify that these persons are eligible for emergency and pregnancy-related services only).

If you have any questions about this letter, please contact Mr. John Zapata of my staff at (916) 657-0725.

Sincerely,
